

Re: JR Sports Stars Programme

To whom it may concern

I write to express my thanks and gratitude to the JR Sports Star team for their professionalism and dedication to roll out development programmes for both William Byrd Primary School and Buckland Primary School.

Particular thanks go to Jason, Martin and Chris for their commitment and enthusiasm which has been incredibly inspiring for both the children and all involved in the programme. In particular Jason's story and the journey he has undertaken through his career has been a testament to his resilience and passion to help others. The programme has provided the children with an insight into sport and the benefits it can bring to all from all backgrounds and walks of life.

The coaches worked collaboratively with our team and engaged very well with the children to inspire them to participate and enjoy the 6 sessions that were rolled out to each of the schools. The feedback from the participating schools was fantastic and the children had fun.

I would thoroughly recommend the multi skills programmes and look forward to working with the team from JR Sports Stars again in the near future.

Regards

Warren Potter
